A great floorplan is always at the beginning of a prospective buyer's consideration when shopping for a newer motorhome. This one won't disappoint. You probably already know that class "A" diesel pushers are rarely found in the condition of this home in this price range. It also features a split bath design that incorporates a private toilet room and that bath room goes hand-in-hand with the user-friendly utilization of interior space. The nice big living area and spacious kitchen won't disappoint either.
