All motor homes look good when they're new. You have to look at them when they're several years old to be able to appreciate fully, the quality in a "Quality" coach. That quality is highly evident in this U295. Rich solid Cherry cabinets, walls, and drawer/cabinet doors attest to the craftsmanship inherent in a Foretravel, front to back. The addition of Whistles and bells are not what makes a diesel pusher into a "High-end" home. It is built-in from the chassis up. THAT is a Foretravel.
